KIRIYA, IMPRESSIONISTIC, THAI ART OF SPA

Sweet, soft and slow also generous, gentle and warm are the graceful gestures and manners of welcoming and serving you at **Kiriya** Spa.

Undulating curved walls and exotic lighting beckon guests into **Kiriya** Spa a time and place where local dwellers and their guests took recess from the excitement of the city. Be transported back to Bangkok of decades ago to relax and enjoy indulgent treatments that were inspired by Thai performing arts and the use of local herbs and spices from across the kingdom of Thailand.

Thai Dance forms from various regions of the country are reflected in **Kiriya**. Let the touch of each dance play upon your heart as the movement on your body and stimulate different responses that uniquely attend to your therapy needs and preferences.

For those seeking release of tension, the “Nora Dance” from the South brings slower movement with strength in rhythmic step. Our trained therapist also employs Kiriya Spa’s Hot Seashell Massage to roll away muscle tension. This is followed by a special massage technique adapted from “Hooloo Vahi” (means water flow) a traditional southern Thailand performance art focused on stimulating body fluid circulation and reawakening your senses. Finally absorb the soothing sound of ocean waves to summon a deep calm from within you for a complete energizing experience.

SOUTH SEA SECRET
